Equipment Used <i>(what did you use to apply baits)</i>			
Quantity Applied	No. baits laid at start	No. baits taken over program	No. baits removed at end
Rate <i>(how far apart did you lay the baits)</i>			

PLEASE ENSURE TO CHECK WITH YOUR LOCAL STATE/TERRITORY AUTHORITIES TO DETERMINE WHAT RECORD REQUIREMENTS YOU MUST FOLLOW WHEN USING PESTICIDES

- 1- *Baiting involves replacing baits that have been taken during the program. A record must be made on each occasion that pesticide baits are laid or replaced. This record sheet is set up to record a 7 day baiting program. Should the program go for longer than 7 days use another record and attach all record sheets for the same program together. It is recommended to provide as much information as possible as proof you have complied with your local state/territory regulations.*
